### **Postal address:**

PO Box 728, Manama, Kingdom of Bahrain

### Our Vision

To excel in providing quality engineering solutions by excellent performance of manpower, assets & investments to achieve customer satisfaction.

### Our Mission

To provide quality products & services in engineering disciplines with special thrust on Power, Oil & Gas sectors, through a profitable & growing organization which exceeds aspirations & contributes towards the country's economic development, welfare of the society complying with health, safety & environment norms.

### Our Objectives

To be committed to perform our products in a safe, effective, efficient, timely & environmentally responsible manner through our pioneering directives, expertise & leadership. Ultimately excelling in our field by maintaining complete customer satisfaction.

### UNEEO - Universal Electro Engineering

Uneeco, an ISO 9001: 2015 Certified company are the leading manufacturers of various kinds of low voltage panel and distribution boards, manufactures Low Voltage Panels as a Certified **Platinum** category Panel Builder for Schneider Electric.

We have fully type tested our DB's, Submain Panels and Main Panels starting from 100A upto 2500A from Dekra originally known as Kema as per latest IEC 61439-1&2.

We also represent well known international brands for Medium Voltage equipments like 11kV Panels, Ringmain Units, Package substation, Low Voltage Fuse boards, Joints and Terminations kit etc...

### Maritronics

Specialized in providing High quality Audio-Video and Communication System. We offer Professional services in Commercial Audio Visual Systems, Satellite TV System & Lighting Control System. We are associated with the best International Product Manufacturers. We have established a strong competence center in Bahrain with experienced & certified engineers aimed at providing innovative solution coupled with excellent customer support & service. We serve the Government, Commercial, Industrial & Residential market sectors. The company represents CRESTRON, EXTRON, Bouyer, Sonance, Kathrein, AIPHONE, Qlite, I-light, Evantek, Wavetec, ICOM & Sharp.

### UNEEO - Eco Friendly System

Uneeco Eco friendly System are solution providers for energy conservation, lighting solution and solar power solutions.

We design, install, test and commission of the Eco friendly system, representing well known brands.

### Awal Electric

Trading division of UNEECO Group. We deal with all electrical items starting from wiring accessories to LV Panels for small to medium Residential, Commercial & Industries.

We represent well known brands like Schneider Electric, Raychem, C-Tec, AIPHONE, L&T & Socomec.

### BCSC- Bahrain Computer Support Centre

Market leaders in building Data Centres (Design, build, manage and maintain small to large data centres.) BCSC also specializes in providing power quality and protection solutions using UPS, Battery Chargers, Batteries, Stabilisers, Diesel Generators, Frequency converters. Central Battery System, Structured Cabling, Cooling Solutions such as Precision/Close control AC Units, Data centre Chillers, Aircraft PCA Units. Leak Detection System, Access Flooring System, Maintenance and Support Contracts.

### TPE- Technical Protection Engineering

Technical Protection Engineering are Specialized in providing turnkey solutions. We offer solutions for all kinds of Security, Fire and Safety Requirements. We have established a strong competence in Bahrain with well experienced and certified Engineers aimed to provide innovative solution coupled with excellent customer service and support. We serve the Government, Commercial, Industrial and Residential market sectors. The company represents Thorn Security, Secutron, Matrix Solutions, RBH, Progeny, Austco, Nice and Rockwell Automation.

### UPS - Unique Power Switchgear

Representing in the Kingdom of Bahrain as an authorized panel builder for Larsen & Toubro(L&T). We also provide solutions for bus risers representing Henikwon(L&T) brand. Our panels and bus risers are fully type tested in accordance to the latest IEC Standards. We are also an ISO 9001:2015 Certified company.
